

# YOUR PARTNER FOR A STRESS-FREE WINTER

## Dear commercial site management team,

Montreal's harsh winters can be overwhelming, but DLC has got you covered. We work tirelessly to provide rapid, reliable, and quality snow removal services to give you peace of mind.

Launching Fall 2024, our **new service** is designed to restore and optimize your parking spaces after the thaw for maximum functionality.

## HOW DLC MANAGES YOUR COMMERCIAL SITES

### SNOW REMOVAL SERVICES

#### THE TOOLS AND TEAM

- Snow cleared promptly after the snowfall overnight to ensure same day safe passage and when the storm has passed for moved cars.
- Multiple passes on heavier snowfalls.
- The latest equipment to ensure the best results and cleanest/safest surfaces.
- Spare equipment & operators to ensure a predictable service is carried out.
- **Multiple walkway passes** during long-lasting or severe storms, to ensure all maintenance and emergency exits are safe for passage.
- **Liquid De-Icer & Salting Agents** to prevent ice formation and enhance salt application.

#### ADDITIONAL SERVICES

- Snow hauling off site
- Snow relocation on site
- Salt Bin management

#### QUALITY ASSURANCE

- Internal site maps prepared to ensure clear communication and expectations.
- Field production & quality managers assigned to sites.
- Direct communication with support personnel and supervisors 24/7.
- Daily ice inspections offered for customers who take our salting service.

## NEW SERVICE PARKING LOT SWEEPING & WASH DOWN

### POST-WINTER MAINTENANCE

Removal of debris, salt and harsh chemicals that can erode hard surfaces.

### FUNCTIONAL IMPROVEMENT

It aims to boost the functional aspects of parking spaces.

At DLC, we aim to make winter more bearable for our commercial clients by providing zero tolerance service. This ensures your commercial property is always safe and clear, no exceptions. Our year-round commitment to excellence guarantees a stress-free winter season, every time.

Sincerely,

*Dexter Church*  
PRESIDENT
